

Regional Agricultural Research Station, Polasa, Jagtial is going to organize 'Kisan Mela-2022 (Farmers-Scientist Interaction meeting)' on 17.11.2022 for the farmers of Northern Telangana Zone. During the programme, farming community will be enlightened on better management practices in different crops, improved varieties, dry and wet direct seeding rice, HDPS cotton, integrated farming systems, and pest and disease management. In this connection, it is requested you to post the information regarding the Kisan Mela (invitation card attached) on PJTSAU official website for wide publicity among the farming community and other stake holders.
